UN COMPAGNON DIVIN Des formes de base asymétriques et aigües répondent à un capitonnage extrêmement doux. Il n'a aucun (AUCUN !) angle droit et pas de plan conventionnel qui pourrait nous rappeler le quotidien. L'assise, le dossier et les accoudoirs sont divisés en segments finement capitonnés qui s'adaptent divinement et individuellement au corps de chacun. C'est probablement le canapé le plus confortable du monde et il propose un nombre infini d'options pour les pièces simples ou complexes.

DER HIMMLISCHE BEGLEITER Asymmetrische, kantige Grundformen treffen auf kuschelweiche Polsterung. Hier gibt es keinen (KEINEN!) rechten Winkel oder herkömmlichen Grundriss, der uns an den gewöhnlichen Alltag erinnern könnte. Sitz, Rücken und Armlehnen sind in fein unterpolsterte Segmente geteilt, die sich himmlisch individuell an den Körper anpassen. Es ist das wahrscheinlich bequemste Sofa der Welt und bietet zahllose Lösungen für einfache und komplexe Räume.

THE HEAVENLY COMPANION Asymmetrical, angular basic shapes combined with cuddly-soft upholstery. This sofa has not a single right angle or conventional structure that could remind us of our conventional everyday lives. The seats, back and armrests are divided into luxuriously upholstered individual segments that adapt to your body in a heavenly way. It is probably the most comfortable sofa in the world, and offers a range of solutions for both simple and complex room designs.

OB NUN ALS SOFA, LIEGE ODER GEMÜTLICH MODERNER LOUNGECHAIR - CLOUD 7 scheint nicht von dieser Welt zu sein. Ganz gleich, wie der Raum geschnitten ist, CLOUD 7 passt sich natürlich den jeweiligen Gegebenheiten an und fügt sich harmonisch in jede Raumstruktur ein. Alle Anbauteile werden mit Elementverbindern zusammengefügt und mit Hilfe der asymmetrischen Innenecken können sogar normal tiefe mit übertiefen Außenelementen verbunden werden.

WHETHER YOU OPT FOR THE SOFA, DIVAN BED OR THE COSY, MODERN LOUNGE CHAIR, CLOUD 7 is out of this world. Whatever the dimensions of the room, CLOUD 7 fits easily into its surroundings and harmoniously blends into any room design. The furniture sections are assembled using element connectors. Asymmetrical corners even link normal sitting depth sectionals with extra large sitting depth sectionals.

QU'IL SOIT CANAPÉ, CHAISE LONGUE OU CHAISE DE LOUNGE MODERNE ET AGRÉABLE, CLOUD 7 semble provenir d'un autre univers. Peu importe la découpe de votre pièce, CLOUD 7 s'adapte naturellement à la situation et s'intègre harmonieusement dans toute disposition. L'ensemble des éléments sont reliés les uns aux autres et, grâce aux coins intérieurs asymétriques, les profondeurs normales ou accentuées des éléments externes se rejoignent sans aucun problème.
